[2028.]

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Friday, the 8th day of August, 1913.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR
IN COUNCIL.

HIS EXCELLENCY the Administrator in Council is pleased to order as follows:—

The regulations relating to forest reserves established under the authority of section 17 of the "Dominion Forest Reserves and Parks Act" by Orders in Council of the 13th January, 1908, and the 12th October, 1910, are hereby rescinded, and the accompanying regulations are hereby substituted therefor.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

REGULATIONS FOR DOMINION FOREST RESERVES.

INTERPRETATION.

1. In these regulations, unless the context otherwise requires:—

(a.) "Minister" means the Minister of the Interior.

(b.) "Director" means the Director of Forestry.

(c.) "Forest Officer" means any officer of the Forestry Branch of the Department of the Interior.

(d.) "Dominion Lands" means lands of the Dominion of Canada which are within or which

comprise any Dominion Forest Reserve to which the provisions of "The Dominion Forest Reserves and Parks Act" apply.

TRESPASS.

2. The following acts are prohibited on Dominion lands within Dominion Forest Reserves:—

(a.) Locating or settling upon, using or otherwise occupying such lands, except such occupation as is authorized under regulations established under the authority of "The Dominion Forest Reserves and Parks Act," or is authorized by a lease or licence granted prior to the creation of the forest reserve.

(b.) Allowing stock to be driven through or grazed upon such lands without a permit.

(c.) Taking, cutting, removing, destroying, or injuring any tree, hay, or other natural product or object in or upon such lands without a permit, sale or licence, except upon lands leased or licensed prior to the creation of the forest reserve when such cutting and removing is consistent with the terms of the lease or licence.

(d.) Cutting or removing timber upon lands covered by a lease, licence, or permit for surface or mining rights unless such right of removal is expressly conveyed by the lease or licence.

3. The following acts are prohibited within the Dominion Forest Reserve:—

(a.) Setting out or causing to be set out any fire in the open air, except for cooking or camping purposes, without a permit between the 15th day of April and the 31st day of October in each year.

(b.) Taking, trapping, killing or injuring of any fish without a permit.

(c.) Hunting, trapping, taking, wounding or injuring of any wild animal or bird on such lands as have been declared a game reserve under the authority of "The Dominion Forest Reserves and Parks Act."

(d.) Removing, defacing, or destroying of any building or other public property or of any post, mark, or notice established or posted in connection with the administration of the reserves or in accordance with the requirements of the regulations.

(e.) Using the stamp "D.F.R.," or any other stamp or brand which may be selected as the official stamp of the Department, except by a forest officer.

SETTING OF FIRES AND USE OF FIRE.

4. The director or any other officer acting under his instructions may grant permits for the setting out of fires during the closed season between the 15th day of April and the 31st day of October in each year, as established by section 3 of these regulations, and the director is authorized to extend the closed season during periods of special danger.

5. Every person who makes or starts a fire in the open air for cooking or camping purposes shall—

(a.) Select a bare rock whereon to kindle such fire wherever possible, and if there be no bare rock in the neighbourhood, then a site on which there is the smallest quantity of vegetable matter, dead trees, branches, brushwood, dry leaves, or resinous trees.

(b.) Clear the place in which he is about to light the fire by removing all vegetable matter, dead trees, branches, brushwood, and dry leaves from the soil within a radius of ten feet from the fire.

(c.) Exercise and observe every possible precaution to prevent such fire from spreading, and carefully extinguish the same before quitting the place.

6. Any person who throws or drops any burning match, ashes from a pipe, lighted cigar, or any other burning substance, or who discharges any firearms within a forest reserve shall completely extinguish before leaving the spot the fire of such match, ashes of a pipe, cigar, wadding of the firearm, or other burning substance.

7. Any Act or regulations made thereunder for the protection of forests from fire of any Province in which a forest reserve is situated shall be applicable to such forest reserve, and any breach of such Act or regulations made thereunder shall be held to be a breach of the regulations hereby established and shall render the person or persons guilty of such breach liable to the penalty provided by "The Dominion Forest Reserves and Parks

Act" in addition to any penalty or penalties provided by the Provincial Act.

8. Any person who shall directly or indirectly, personally, or through any servant, employee, or agent,—

(a.) Kindle a fire or let it run at large on any land not his own property;

(b.) Permit any fire to pass from his own land; or

(c.) Allow any fire under his charge, custody or control, or under the charge, custody or control of any servant, employee, or agent, to run at large, with the result that such fire shall pass into any forest reserve, shall be liable in addition to any penalty imposed by any Provincial Act, to the penalty imposed by "The Reserves Act" for any breach of these regulations.

9. Every person in charge of any drive of timber or survey or exploring party, or of any other party in any forest reserve, shall provide himself with a copy of these regulations, and shall see that the men under his charge are fully informed of the provisions thereof; and in case a breach of these regulations is committed by any of them he shall be liable to the penalty for such breach as if it had been committed by himself, unless he establishes that such breach was committed without his knowledge and contrary to his instructions, but such liability on the part of the person in charge of any such party shall not relieve any member of his party from personal liability for any such breach.

10. Every engine operated by the power of steam passing through or located in a forest reserve shall, by the company or authority using the same, be provided with and have in use all the most improved and efficient appliances to prevent the escape of fire from the furnace or ash-pan, or from the smoke-stack of such engine, and it shall be the duty of every engineer in charge of any such engine to use all necessary means and appliances to prevent the escape of fire.

11. Every company operating a railroad by the power of steam shall, where such railroad passes through a forest reserve, establish and maintain along the line thereof at such points and for such distances as may be decided by the Minister to be necessary on each side of such line of railroad as may be decided by the Minister, a good and sufficient fire-guard to be made by ploughing the land to the extent of not less than fifteen feet in width on the side of the fire-guard farthest from the railroad, and by burning or otherwise freeing from inflammable material the spaces between such ploughing and such line of railroad; provided, however, that from the 15th April to the 31st October no fire shall be started for the purpose of clearing such fire-guard without a permit from a forest ranger.

12. Every company operating a railroad by the power of steam shall, at all times, keep its right-of-way and such fire-guards free from wood and other inflammable material and in such condition as not to allow fire to spread therein and therefrom.

13. Every railway company which is not under the authority of the Board of Railway Commissioners for Canada operating a railroad by the power of steam within a forest reserve shall provide a patrol along its line during any period when there is danger of fire, in accordance with the instructions of the Minister or any forest officer acting under his instructions, and the Minister or such officer acting under his instructions may prescribe the number of patrolmen to be employed, the frequency of the patrol, and the equipment to be furnished such patrolmen.

14. Any forest officer may set out fire or cause the same to be set out under his instructions within a forest reserve at any time for the purpose of protecting the timber or decreasing fire danger, or for any other purpose required for the proper administration of the reserve.

DISPOSAL OF TIMBER BY PERMIT, SALE OR LICENCE.

Paid Permits.

15. The director, or any other forest officer acting under his instructions, may grant annual permits for the cutting of timber upon the forest reserves, subject to the conditions provided by these regulations.

16. Permits for the cutting of timber upon the forest reserves may be granted without competition as follows:—

(a.) To actual settlers living within fifty miles of the nearest boundary of a forest reserve for their own use upon lands occupied by them.

(b.) To miners and prospectors for timber required for development work upon mining claims held by them.

(c.) For municipal or public works and for the erection of schools and churches in rural districts.

(d.) For the erection of buildings or other structures required in connection with any authorized use of the reserve on lands within the reserve, except upon such lands as are included within the limits of a townsite.

(e.) To any person or any number of persons co-operating who hold proper water records, for the constructing of flumes, dams, or other structures to be used to obtain water for irrigating the land or lands of such person or persons, provided that no company engaged in or incorporated for the purpose of selling, leasing, or otherwise disposing of land or water as a commercial enterprise, shall be entitled to a permit under this regulation.

(f.) To the holders of permits or leases for rights-of-way for the construction of roads, trails, telephone or telegraph lines, or other authorized use of forest reserve land, for such timber as is required to be cut from the right-of-way in order to make it available for the purpose for which the permit or lease of occupation is granted.

(g.) To any company constructing a railroad through a forest reserve under proper authority, or to any person holding a contract from such company for cutting ties or timber for constructing such railroad, for ties and other construction timber, including timber for buildings required in connection with the construction, upon any tract in the vicinity of the railroad.

17. The maximum quantities which may be granted under permit to the person specified in section 16 are as follows:—

(a.) To actual settlers (subsection (a), section 16) 10,000 feet board measure of saw logs, 500 fence posts, 500 fence rails not over six inches in diameter at the butt, 1,000 lineal feet of round building timber, 25 cords of wood for fuel.

(b.) To miners and prospectors (subsection (b), section 16) 50,000 feet board measure of timber or its equivalent.

(c.) For municipal and public works (subsection (c), section 16) whatever timber is required, and for churches and schools in rural districts 20,000 feet board measure or its equivalent.

(d.) To occupants, permittees, or lessees (subsection (d), section 16) 3,000 lineal feet of building logs, 500 roof-poles not over six inches in diameter at the butt.

(e.) For irrigation purposes (subsection (e), section 16) 50,000 feet board measure or its equivalent.

18. The minimum rates of dues which may be charged for a timber permit are as follows:—

(a.) Cordwood, 25 cents per cord.

(b.) Mining props and poles, other than telegraph and telephone poles, $\frac{1}{4}$ cent per lineal foot.

(c.) Fence posts, 1 cent each.

(d.) Poles or rails (not to exceed six inches at the butt), 2 cents each.

(e.) Telephone and telegraph poles, $\frac{1}{2}$ cent per lineal foot for poles 25 feet in length and under; 1 cent per lineal foot for poles over 25 feet in length.

(f.) Shingle-bolts, 50 cents per cord.

(g.) Railway-ties, 3 cents each.

(h.) Saw-logs, \$1.50 per thousand feet board measure.

(i.) Dead timber on the Rocky Mountain Forest Reserve, 50 cents per thousand feet board measure.

(j.) Round building timber, $\frac{1}{2}$ cent per lineal foot.

19. When in the opinion of the Minister it is necessary to take special measures for the improvement of any forest reserve, or for the encouragement of any specially valuable species of timber within a forest reserve, he may vary the require-

ments of the regulations and the scale of dues to be charged to such an extent as he may deem necessary for that purpose, provided that not less than the minimum rate of dues fixed by the regulations may be charged.

20. The director may fix the dues on any classes of timber which may not have been provided for in these regulations, provided that such dues shall not, when reduced to the same standards, be less than the minimum dues fixed by these regulations.

FREE PERMITS.

21. A permit to cut 25 cords of dry wood free of dues may be granted to any applicant for his own use.

22. Any bona-fide occupant of a homestead who has the right to a permit to cut timber free of dues under the provisions of section 20 of the regulations governing the granting of yearly licences, and permits to cut timber on Dominion lands established by an Order in Council dated the 1st day of July, 1898, as amended by subsequent Orders in Council, or who may acquire the right under the said regulations and amendments thereto, may be granted a permit to exercise such rights within any forest reserve covered by the regulations hereby established, provided the application for such permit is made within five years of the date of homestead entry, but the permittee must comply with the requirements of the regulations hereby established or of any amendment thereto.

GENERAL CONDITIONS GOVERNING PERMITS.

23. An office fee of 25 cents shall be required before any permit is issued. The fee and dues in connection with any permit must be paid in full before the permit is issued, and all outstanding permits must have been returned.

24. Permits for cutting timber shall expire on the first day of May next succeeding the date of issue, and no person shall be entitled to more than one permit in one year of each class provided for by these regulations, excepting for the classes of permits provided for in subsections (f) and (g) of section 16 of these regulations. Each permit shall designate the location in which the cutting is to be done and the quantities and classes of timber to be cut thereunder.

25. Any breach of the regulations or condition of the permit by a permittee or failure to comply with the instructions of the officer in charge of the reserve, or the forest ranger, shall render the permit liable to cancellation and, in the discretion of the Minister, the privilege of obtaining any further or other permit shall be withdrawn.

26. All timber cutting upon the reserves shall be done under the control of the forest ranger or other officer and subject to his instructions, and shall be subject to the following conditions:—

(a.) Only such timber shall be cut as is designated by the forest officer.

(b.) No unnecessary damage shall be done to the young growth or to trees left standing.

(c.) All merchantable portions shall be taken from the trees cut, and there shall be no unnecessary waste of timber.

(d.) Stumps shall not be cut higher than 18 inches without special permission from the forest officer.

(e.) All the debris of operations shall be piled for burning unless written permission to the contrary is given by the forest officer.

SALES WITHOUT COMPETITION.

27. The director or any other forest officer acting under his instructions may sell timber without competition subject to the following conditions:—

(a.) To residents of towns and villages for the erection of buildings for their own use in quantities not to exceed 3,000 lineal feet of round timber, and 500 roof-poles not to exceed 6 inches in diameter at the butt in any one year at an upset price not less than that fixed by these resolutions for permits.

(b.) To any applicant for his own use or for sale or barter green or dry cordwood at not less than 25 cents per cord, and in amounts not to exceed 400 cords on any one permit.

SALES BY TENDER.

28. The director may approve of contracts for the sale of timber from the forest reserves in quantities not to exceed 5,000,000 feet board measure, or its equivalent, on any one sale, and for a period of removal not to exceed five years, providing that the timber so sold shall have been advertised for sale in a newspaper circulating in the district in which the timber is situated for a period of not less than 30 days. The director may fix the upset price and other conditions of the contract subject to these regulations. If no tender is received the timber so advertised may be disposed of at private sale at not less than the upset price at which the sale was advertised.

29. Applications for sales of timber under 5,000,000 feet shall be made to the officer in charge of the forest reserve on forms provided by the Department to be forwarded to the director.

30. All applications for sales of timber made under section 28 shall be accompanied by a deposit of \$50. In case the timber is not advertised for sale, or if it is advertised and the depositor is not the successful tenderer, his tender will be returned. If the timber is advertised and no tender is received the deposit will be forfeited. If the depositor is the successful tenderer the deposit will be retained and applied to the payment of the dues.

31. Each person submitting a tender for timber advertised under these regulations shall be required to deposit with his tender an amount equal to not less than one-fifth of the total dues at the upset price on the quantity of timber to be sold when the total does not exceed \$5,000, and one-tenth when the total exceeds that amount. This deposit shall be retained in case the tender is accepted and shall be returned if the tender is rejected. The person to whom the timber is awarded shall immediately sign an agreement to conduct the operation in accordance with the conditions of the sale and the regulations of the forest reserve.

(b.) The purchaser shall keep a record of the timber cut either by scale, count, or measurement, as may be specified on forms prescribed by the Department, and such record shall be open to inspection by any forest officer at any time. Sworn returns shall also be furnished quarterly by the purchaser showing the quantity of timber cut, and payment of the dues on the timber so reported shall be made at these quarterly periods. The deposit made with the tender shall be retained and applied in settlement of the two last quarterly returns, and all deposits in excess of the amount found to be due shall be refunded when the sale is closed. Sales shall be closed by the director on the report of the forest officer in charge to the effect that all conditions of the contract have been complied with.

(c.) Contracts may be cancelled by the Minister for failure to comply with the conditions of the same, and all deposits shall be forfeited on such cancellation.

32. The director may require that bonds be given for the fulfilment of the conditions of the contract whenever in his opinion it is desirable.

33. No person to whom a sale of timber has been made, as provided for in section 28, shall be eligible to tender on another sale during the term of the contract of sale except within a period of six months prior to the expiration thereof and unless the conditions of the contract have been complied with.

SEIZURES.

34. All timber cut within a forest reserve without proper authority shall be liable to seizure, whether in the possession of the person by whom it was cut or of any other persons, and whether it has or has not been removed from the reserve; and the person by whom the timber was cut shall, in the discretion of the Minister, forfeit all right to obtain a permit within a forest reserve, in addition to any other penalty provided by "The Forest Reserves Act," or by these regulations. Unless the person who cut the timber can establish to the satisfaction of the officer in charge of the forest reserve that the cutting was done without wilful intent to contravene the regulations, the timber shall be confiscated and may be disposed of by public auction after proper advertisement, and,

if no bid equal to the amount due the Government is received, may be disposed of by private sale. If it is established that the cutting was done without wilful intent to contravene the regulations, the timber may be released on payment of a fine equivalent to at least double dues on the timber seized, which may be collected whether the timber is partly covered by permit or not.

35. If timber has been cut on a forest reserve without authority, and has been removed beyond the reach of the forest officers, the person responsible for the cutting, whether done by himself or some person employed by him, shall be liable to a penalty of not less than one dollar and not exceeding three dollars for each tree unlawfully cut. If the person responsible for cutting the timber unlawfully can establish that the cutting was done without wilful intent to infringe the regulations, he may be relieved from further liability by the Minister on payment of at least double dues on the quantity cut, as determined by the forest officer.

GRAZING OF LIVE-STOCK.

36. Permits for a period not to exceed one year for the grazing of live-stock on forest reserves may be granted by the Director of Forestry, or any forest officer acting under his instructions, except where it may be determined by the Minister that the exclusion of stock is necessary for the protection of the reserve.

37. The number and kind of stock which may be grazed upon each grazing district in each reserve, and the period during which the grazing will be permitted, shall be determined for each year by the Director of Forestry.

38. Applications for the grazing of stock shall be made to the officer in charge of the reserve. Any applications received after the first day of March shall be entitled to consideration only after the applications received prior to such date have been satisfied or disposed of. Applications for grazing permits must be made on the form prescribed by the Director of Forestry for that purpose, and must give the information called for by such form, including the brands for the identification of the stock.

39. In considering applications for grazing permits on a forest reserve the following classes of applicants shall be considered in the following order of preference:—

CLASS 1.—Persons owning and residing upon improved ranch or farm property near a forest reserve who are dependent on the forest reserve for range for their stock and who do not own more stock than the grazing unit for the district.

CLASS 2.—Persons owning improved ranch or farm property near a forest reserve who are dependent on the forest reserve for range for their stock, but who do not reside on the property, or who own more stock than the grazing unit for the district.

CLASS 3.—Persons who do not own improved property near the forest reserve or who are not dependent on the forest reserve for range.

Applications from persons in Class 3 may be refused if the applications from persons in Classes 1 and 2 are for a number of stock equal to the maximum fixed by the director under section 37 of these regulations.

40. An office fee of 25 cents shall be required before any permit is issued. The Director of Forestry shall fix the dues for grazing permits for each forest reserve. The minimum dues for a grazing permit for cattle or horses shall be 5 cents per head per month, and the maximum shall be 10 cents per head per month, but no permit shall be granted for less than 25 cents per head.

The rate of dues charged for sheep shall be one-fourth of that charged for cattle.

If the tract to be grazed is enclosed by a fence the dues for a grazing permit may be increased to 25 cents per head per month or \$1 per head for the season.

The fees and dues in connection with any permit must be paid in full before the permit is issued.

Only stock six months old or over will be counted in the determination of the dues for a permit.

41. The Director of Forestry may establish a fixed number of stock as a grazing unit for each for-

est reserve, the basis of the minimum unit being the number of stock which can be carried during the winter in connection with a homestead or small ranch; and the number of persons to whom permits for grazing stock are issued in any grazing district may be increased to the number of grazing units which will be supported by the maximum limit for the grazing district, and the number of stock grazed on the district by any one person may be reduced to the grazing unit on such scale of reduction as may be fixed by the director, but any such reduction shall be made only at the close of a grazing season and shall not in any one year exceed 20% of the total number of stock grazed in the grazing district by such person under permit.

42. All cattle and horses over six months old must be branded being permitted to graze on the forest reserve.

43. When a permittee wishes to drive stock on the reserve he must before doing so give at least two weeks' notice to the forest ranger or the officer in charge of the reserve, by mail or otherwise, stating the number of stock to be driven in. Similar notice must also be given when the stock are to be removed.

44. At the expiration of the permit the permittee shall remove his stock from the reserve, and if this is not done within fifteen days after the expiration of the permit the forest ranger or the officer in charge of the reserve may have the stock removed and the Department will assume no responsibility for the loss of the stock or for damage occasioned by them.

45. Any stock removed from the reserve before the expiration of the permit may be replaced by other stock, to an equal number, owned by the permittee.

46. If the stock are sold during the term of the permit the permit shall be surrendered and a new permit for the unexpired portion of the term will be issued free of dues to the purchaser of the stock.

47. All stock grazed under permit must be supplied with salt at such places and in such manner as may be designated by the forest ranger.

48. The carcasses of any animals on the reserves which die of infectious diseases must be burned, and any carcasses which are in the vicinity of any supply or body of water or any habitation must be removed or buried by the owner in accordance with the instructions of the forest ranger.

49. Permits for driving stock across a reserve may be granted by the forest officer in charge of the reserve on such conditions as he may deem necessary.

50. Any breach of the regulations or conditions of the permit by a permittee, or failure to comply with the instructions of the officer in charge of the reserve or of the forest ranger, shall render the permit liable to cancellation and, in the discretion of the Minister, the privilege of obtaining any further or other permit shall be withdrawn.

51. Any damage done to improvements on a forest reserve shall be repaired by the person responsible for such damage whether the damage is the result of his own action, or the action of any person employed by him, or of stock owned by him.

52. When it is considered necessary for the prevention of injury or contamination to any sources of water-supply, the officer in charge of the reserve may take such action as may be necessary for its protection and for that purpose may provide for the exclusion of stock therefrom by fencing or otherwise.

53. Any person owning or leasing unfenced land within a forest reserve who waives the right to the exclusive use of such land may be granted a permit free of dues for a number of stock equal to the number which can be carried on such land under the regulations for granting leases for grazing purposes on Dominion lands, namely, one head of cattle or horses for each twenty acres.

54. Whenever any live-stock association whose membership includes a majority of the owners of any class of live-stock using a forest reserve or portion thereof shall appoint a committee, an agreement on the part of which shall be binding upon the association, such committee, upon application to the director, may be recognized as an ad-

visory board for the association, and shall then be entitled to receive notice of proposed action and have an opportunity to be heard by the local forest officer in reference to increase or decrease in the number of stock to be allowed for any year, the division of the range between different classes or stock or their owners, or the adoption of special rules to meet local conditions.

GRAZING TRESPASS.

61. Any breach of the regulations by a permittee, or failure to comply with the instructions of the officer in charge of the reserve or of the forest ranger, shall render the permit liable to cancellation and, in the discretion of the Minister, the privilege of obtaining any further or other permit shall be withdrawn.

SEIZURES.

62. All hay cut within a forest reserve without proper authority shall be liable to seizure, whether in the possession of the person by whom it was cut or of any other person, and whether it has or has not been removed from the reserve; and the person by whom the hay was cut shall, in the discretion of the Minister, forfeit all right to obtain permit within a forest reserve in addition to any other penalty provided by "The Forest Reserve Act" or by these regulations.

(b.) Unless the person who cut the hay can establish to the satisfaction of the officer in charge of the forest reserve that the cutting was done without wilful intent to contravene the regulations, the hay shall be confiscated and may be disposed of by public auction after proper advertisement, and, if no bid equal to the amount due the Government is received, may be disposed of by private sale.

(c.) If it is established that the cutting was done without wilful intent to contravene the regulations, the hay may be released on payment of a fine equivalent to at least double dues on the hay seized, which may be collected whether the hay is partly covered by permit or not.

63. If hay has been cut on a forest reserve without authority, and has been removed beyond the reach of the forest officers, the person responsible for the cutting, whether done by himself or some person employed by him, shall be liable to a penalty

of not less than \$1 and not exceeding \$3 for each ton of hay unlawfully cut.

(b.) If the person responsible for cutting the hay unlawfully can establish that the cutting was done without intent to infringe the regulations, he may be relieved from further liability by the Minister on payment of at least double dues on the quantity cut, as determined by the forest officer.

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Wednesday, the 24th day of September, 1913.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR
IN COUNCIL.

THE Acting Minister of the Interior states, under date 12th September, 1913, that the late C. E. J. Leighton, formerly of Savona, B.C., made application to purchase, under irrigation conditions, the N. ½ of the N.W. ¼ of Section 36, in the Twentieth Township, in the Twenty-first Range, west 6th Meridian, and after careful consideration it was decided to permit him to purchase the above-mentioned land at \$1.00 per acre, on the following conditions:—

(1) Twenty-five cents per acre on the total area of 80 acres, to be paid within thirty days:

(2) The applicant to have his irrigation scheme in successful operation within two years from the 1st instant, and to show, within that period, to the satisfaction of the Department that he has successfully carried out the reclamation of all the irrigable portions of the said lands:

(3) On the expiration of the period allowed the applicant for the completion of his scheme, and upon the receipt of a report from an officer of this Department that the said scheme has been successfully completed and is in successful operation, the applicant to pay to the Department the balance of 75 cents per acre, and upon the payment of such amount, patent to be issued for the land:

(4) Provided that, should the applicant fail to make payment as set out in condition (1), the land shall be released from any claim by him, and should the applicant fail to carry out the reclamation of these lands, as set out in condition (2), all money paid under condition (1) shall be forfeited to the Crown, and the lands released from any claim by him.

The Minister further states that on the 7th May, 1913, Mrs. N. C. Leighton, administratrix of the

estate of the late C. E. J. Leighton, advised the Department of the Interior that the conditions attached to the sale of the above-mentioned land has been fulfilled and that she was prepared to pay the balance due the Department:

That the Assistant Engineer of the Hydrographic Survey of the Railway Belt of British Columbia, inspected this project on the 10th July, 1913, and in his report of the 15th idem he states that practically all the irrigable land is under cultivation; between one-third and half a mile of ditch has been constructed from Three-mile Creek to the cultivated land, that the land has been fenced, and that in his opinion the conditions under which the sale was made to the late Mr. Leighton have been complied with.

The Minister recommends in view of the favourable report of the Assistant Engineer of the Hydrographic Survey of the Railway Belt of British Columbia, that the sale of the above-mentioned land at the rate of \$1.00 per acre be confirmed, and upon payment of the balance of the purchase money that letters patent be issued.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,

oc16

Clerk of the Privy Council.

OTTAWA.

Tuesday, the 30th day of September, 1913.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR
IN COUNCIL.

THE Minister of the Interior, under date the 26th September, 1913, states that an application has been received from the Calgary Natural History Society for a pair of mountain goats and one Mountain Sheep (male) from the Rocky Mountains Park for specimens for the Calgary museum,—

The Minister, in view of the fact that these specimens are desired for scientific purposes, recommends that the parks regulations established by Order in Council of the 21st June, 1909, and re-established by Order in Council of the 6th June, 1911, forbidding the hunting or taking of any wild animal or bird within park limits, be waived in this case, and that the superintendent of the park be authorized to secure one pair of mountain goats and one male mountain sheep for this purpose.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,

oc23

Clerk of the Privy Council.

[2446.]

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Saturday, the 27th day of September, 1913.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR
IN COUNCIL.

THE Minister of the Interior submits, under date 23rd September, 1913, that the Canadian Pacific Railway Company has made application for right-of-way for a pipe-line for a water-supply at Spuzzum, British Columbia, being part of the north-east quarter of Section Twenty-six in the Eighth Township, in the Twenty-sixth Range, west of the sixth meridian, and containing an area of seventy-three hundredths of an acre, as shown on the plan attached:

The Minister states that the Agent of Dominion Land at New Westminster reported on the 11th March, 1913, that the company has already constructed a pipe-line at this point which has been in use for many years; that the land applied for is on a hillside and is useless for agricultural purposes, and in his opinion \$6 per acre is a fair valuation;

That the land applied for is available and has been surveyed and the work approved by the Surveyor-General, and the company has filed with the Department of the Interior a certified copy of the official certificate of a grant of water rights at this point in its favour,—

The Minister recommends that the Canadian Pacific Railway Company be allowed to purchase the above-mentioned land at \$5 per acre.

The Committee submit the same for approval.
